Tuesday Seated/ Floor Somatics *NEW

Somatics is a complement to any activity you participate in and helps improve your daily functional movements. As you explore the movements of Somatics you are connecting the body and mind through movement and meditation. As we bring awareness to our bodies (Soma's) we can then help relieve pain, recover from injury, reduce stress and maximize flexibility. These exercises do not just address the body's movement gateways as we walk and breath, but how we carry our stress and tension that leads into chronic neck, shoulders, hips and low back pain. We as individuals view ourselves from the inside looking out otherwise the distinction between mind and body disappears. "We are our own best healers". Somatics is great for MS, Stroke recovery, chronic pain, migraines and much more. This is easily modifiable and can be done seated in a chair or on the floor.

Gentle Yoga Offers an opportunity for students to strengthen the body and mind connection. The instructor will explore aging, anatomy, meditation, breathing and relaxation. Vinyasa yoga focuses on guiding the movements through the breath. Slow gentle movements are done in a non-intimidating, friendly manner and modifications are always offered by the instructor. Participants are asked to wear loose clothing & bring a yoga mat. **Stability Yoga** class focuses on increasing the strength of the 'core' muscle group. Core muscles are the abdominals, glutes & upper legs. They are the key to stability, balance, good posture & aid in the reduction of injuries. All classes are beginner to intermediate friendly.

Senior Chair Yoga

Chair Yoga is the term generally used to describe a gentle form of yoga that is practiced sitting in a chair, or standing using a chair for support. Chair yoga has helped people with the symptoms of many health issues including: Hypertension (high blood pressure), anxiety, chronic fatigue syndrome, arthritis, vertigo (medical), multiple sclerosis, carpal tunnel syndrome, clinical depression, and chronic pain. Chair Yoga is one of the gentlest forms of yoga available. Complicated maneuvers and complex movements are not present in a Chair Yoga class. Within this type of yoga class, you can cover standing, seated, and prone postures. Most of these classes use the chair only, due to the difficulty of getting down or up from the floor. ***Please find session prices on the next page***
