PRESIDENT'S REPORT

Summer! Finally!

We had our directors meeting on June 9th with everyone in attendance. It was so good for all of us to get together in one room, NO ZOOM!

It looks like we will be able to open soon if the numbers of infections stay down. But now I have to think about how I am going to spend the Million dollars I'm going to win for being fully vaccinated! Thank you Premier Kenny!

Our yard is starting to look great just in time for us to go on a holiday. I can never understand why we buy all these plants just so our neighbors can look after them! The garden is coming up and we will have enough tomatoes to supply McDonalds'!

In June, we decided to go green and bought a new vehicle and it's a Hybrid vehicle so part of the time it works on electricity. The last new car we bought was a 1984 Ford Tempo which we've completely worn out. I think it had over 300,000 KM on it when I sold it for \$800. Our new SUV has a warranty to take us until we're 80 years old so here's to hoping we make it and the vehicle too.

We're off to Vancouver this month to see our month-old Grand Nephew, Owen Robert! We are excited to have a new family member. Holding a newborn is so wonderful and we are so fortunate to be able to travel again! Speaking of travel, tickets to Toronto right now are dirt cheap so we're heading east in August to see our family in Guelph, Ontario! We can finally see our Grand Daughters whom we haven't seen for two years!

It's an exciting time folks, so stay in touch, the staff has all kinds of plans for the Summer and Fall. Check it out in our monthly newsletter, follow us on Facebook, or phone 403-329-3222 for more information. Until next month, don't be discouraged, phone a friend! If you don't have a friend, come to the Friendly Centre and we will find you a friend!

There is nothing better than a friend...unless it's a friend with chocolate.

You can always tell a true friend because when you walk into their house your Wi-Fi connects automatically.

EXECUTIVE DIRECTOR'S REPORT

Greeting Members,

I can't believe we might be one step closer to our facility returning to its regular operations. Last month during Stage 2 of the provincial governments "Open for Summer" plan, we started to see more people back in our building, dining in the Dunford Diner, exercising in the Fitness 55 Club and attending some fitness classes in person. In Stage 2, our dining room was still under the safety measures of maintaining tables and dining parties to a minimum of 2 metres. This reduced our dining room numbers from 144 seats to 72 seats; and on most of the days we were almost at capacity. As we move into Stage 3 on July 1st, all restrictions are lifted, including the ban on indoor social gatherings. This will allow us start our programs and services back up at Nord-Bridge; however under some careful consideration we will not start every program and service in July. We feel it would be prudent if a majority of our programs started up September. We do realize that many members have been anxiously waiting over 16 months to start up their activities again; and we thank you for your patience.

At the time of writing this months Newsletter article, the province has stated that the general indoor provincial mask mandate will be lifted (but masking may still be required in limited and specific settings). The City of Lethbridge is continuing its discussion on its mask bylaw which is in effect until December 31, 2021. At this time Nord-Bridge will evaluate what our city bylaw / mandate will be and assess the situation when we have a clear decision from the city.

Have a safe and great start to your summer... see you on the golf course!

Sunrises and sunsets are the most beautiful part of a day and I don't think any other media can convey this like watercolors can. The skies can range from soft changing light to a dramatic blaze of brilliant colors. In this class we will get used to working with water and paint – let the paint move around your paper and use gravity and water to make it fluid. It doesn't require any special ability except to move your paper so this is a great class for any level of painter.

LORRI'S CORNER

The most important conversation you will ever have

No one wants to bring up end of life with our loved ones, especially when it is our own. But it is essential.

It truly is the most important conversation you will ever have.

I found some interesting statistics from California, and I suspect the results would be similar for Canada as well.

Did you know?

90% of people say talking to their loved ones about end of life issues is important but only **27%** have actually done so.

60% of people say that making sure their family isn't burdened by tough decisions is extremely important, however,

56% have not communicated their wishes.

80% of people say that if seriously ill, they would want to talk to their doctor about wishes for treatment toward end of life, yet only **7%** have had this conversation with their doctor.

A whopping **82%** say it is important to put their wishes in writing. **23%** have actually done it.

A conversation can make all the difference.

This fall, I will be offering sessions on how to have conversations with your children, your doctor and others that are important in your life. During these sessions, we will discuss how to start the conversation with loved ones based on your wishes and what is most important to you and create a plan you can follow to assist you during the conversation.

As always, if you are struggling and need to talk or any assistance, I am here for you. Be kind to yourself and others. Any kindness we can show can only make this crazy world a better place.

Until we meet again

Hi! My name is Alexis Clare, and I am the new case manager for LEARN. I had the opportunity to spend a week with Joanne prior to her transitioning to her new role and it emphasized not only the importance of the Lethbridge Elder Abuse Response Network but also the respect that the community has for her. Understandably, I know that I have "big shoes to fill" but I want you to know that I am ready to do my best!

If you, or someone you know is experiencing elder abuse, please call 403-394-0306 (private line) or email learn@lethseniors.com if you would like to see what resources and supports are available. When it comes to Elder Abuse, silence is not an option.

Seniors Keep In Touch Program

Are you a senior that is feeling lonely and would like someone to Keep in Touch?
For many of us, a call from a friend once or twice a week makes a big difference in how we feel. Knowing that someone cares and is there to share stories and laugh with is comforting and meaningful in so many ways.
The Keep in Touch Program connects the people in our community with each other through a weekly telephone support system. Through Keep in Touch we can connect you with a friendly person to chat with and they can help you find resources if needed.

So how does it work:

If you are a senior that would like to receive a call each week, OR if you have a neighbor or family member whose days could be brightened simply give us a call to complete the registration. We will pair that senior with a verified volunteer for safety who will call once or twice a week. We all have stories, wisdom and interests to share!
Please encourage the seniors you know to contact us today and join Keep in Touch!

If you wish to sign up to receive calls or would like to refer a senior call Connie-Marie at Volunteer Lethbridge at 403-332-4320 or email us at HelpingHands@VolunteerLethbridge.com. Also, if you know someone who has a few hours a week to bring joy and interest to someone's life as a volunteer in the program please have them give us a call.
